LACK OF SOLITUDE PRESENT-DAY EVIL

Rev. J. S. Montgomery Declares Prosperity of Nation for Seeking Pleasure is Ruining Character.

Lack of solitude is the present-day evil, according to Rev. James Shera Montgomery, of Metropolitan Memorial Methodist Church, who preached last night a sermon on "Solitude—Its Value, Function, and Power."

"Solitude is like Noah's Ark; it bears only a little load of the great tree of life," Dr. Montgomery said. "A little garden of sweet flowers will not make a beautiful world; a little bunch of palm trees will not fertilize the great Sahara."

"What a curious, eager flock of minds society is, anyway. So often the greetings where no sympathy is; the long, dreary, tedious hum-drum intercourse of

minds that the sincere heart does not welcome nor relish. Social excess on the part of the young man especially, builds up the modern-day evil. There is but little balance to the day's effort. Emerson is with us; he says: 'We should have our hands in society and our heads in solitude.'"

"In solitude the soul comes under its nobler impulses and holier desires. The masks are torn off; we see face to face. In this moment no bribes are either given or taken. Self-knowledge is self-thoroughness. These days are full ones. 'Young people, especially, snatch for the moment in which they may reflect, think seriously—much less pray. The hours thrub with social demands, are struggling for supremacy. The flood tide of their social lives is swollen with excess of zeal. The solitary place, so rich with truths, is like a lumber yard, with timbers lying all about, but not being built into a building, namely—thoughtful character.'"

WILL DO PUBLIC BUSINESS.

Six Wireless Stations in Alaska to Take Outside Messages. It was announced at the Navy Department yesterday that beginning Wednesday six naval wireless stations in Alaska will be opened to commercial business. The stations included are: St. Paul, Dutch Harbor, Unalak, Kodiak, Cordova, and Sitka.

A schedule of rates and rules governing the use of these naval radio stations have been drawn up by the Navy Department and will be furnished to mariners on the Pacific coast and others interested in the new service.

NO PLACE IN LINE FOR LOCAL CLUBS

District Democrats to March as Citizens and Not in Organizations.

SOME QUITE OLD, TOO

Chairman Weller Doing Best to Prevent "Trust" in Lodgings for Visitors.

Democratic organizations of the District are not making such in the inaugural parade, according to plans reported last night. It is said the members of such organizations will be expected to march as citizens, with the other citizens and not in lodges, according to their clubs and associations.

Several of the Democratic clubs of the Capital have asked the privilege of leading the parade, and the section in which they had anticipated having a place. Some of the clubs are quite old and participated in the parades when Grover Cleveland was inaugurated, in 1893 and 1897.

It is understood that Democratic clubs from other places than the Capital will have places in the parade.

Maj. Gen. Leonard Wood, grand marshal of the parade, said the detachments from the Navy and Marine Corps to take part in the parade will be selected when it can be definitely known whether the fleet will be at Norfolk, thus making it possible for men to be drawn from a source near Washington.

Lodgings for Visitors. A list of lodgings available for use by visitors during inauguration week is to be sent out Wednesday by the public committee, of which Mr. L. Weller is chairman. Mr. Weller said that everything possible is being done to prevent a "trust" in lodgings with the high prices which such a monopoly would bring.

At the same time, Col. Robert N. Harper, chairman of the committee of organizations, has taken steps to prevent a monopoly on horses for use in the parade. He has formulated contracts, stating the price to be paid, and stipulating that the mounts shall be well shod and in good condition. Col. Harper wants 100 horses for the Indians who are to parade, and several hundred for the Government and their staffs.

Appointment of the those committees early this week by Chairman Ben S. Minor practically will complete the immense personnel of the organization preparing for the inaugural ceremonies. Mr. Minor deferred naming his committee that he might not appoint any of the men whom Chairman Thomas Nelson Page, of the reception committee, had announced his associates Saturday night, had selected.

Face Hardest Work.

Upon these two big committees and the music committee, of which Percy S. Foster is chairman, the committee on comfort at the hall, of which D. J. Callahan is chairman, the committee on supper, of which G. H. P. Johnson is chairman, and committee on ballroom decorations, of which Walter G. Peter is chairman, will devote practically all the week connected with the inaugural hall, which, it is expected, will be held in the Pension Office.

Earl Godwin, chairman of the press committee, will have his work under way in a few days. Approximately 800 newspapers will be supplied with a news service covering preparations for the inauguration. Chairman Isaac Gans, of the fireworks committee, will meet with the executive committee of his organization to-day and prepare a programme, to be submitted to the whole fireworks committee next Monday.

Misses Train Wins \$25,000.

Monte Carlo, Jan. 12.—Richard Landau, an English visitor here, is tonight congratulating himself for missing a train which he tried hard to catch. After missing the train, he had nothing but his ticket and eighty pounds sterling in his pocket. Returning to the Casino, he engaged the roulette table and in a short time had won \$25,000. He stated to-night that he would surely take the next train.

WEATHER CONDITIONS.

ARE MARTIN SAYS: SUFFRAGE HIGH SUBJECT OF 'HIKE'

"Gen." Rosalie Jones, Who Will Lead Army Here, Hopes for Amendment.

WILL ERECT SHRINE

One of the Features of the Parade on March 3 Will Be Section of Writers.

On the departure from Washington yesterday morning of "Gen." Rosalie Jones, the ardent young leader, who recently led a suffragist band of five to Albany from New York, the plans of the hike that young woman will command from New York to Washington for the purpose of a Constitutional amendment granting the franchise to women, were well defined.

Miss Jones left for Philadelphia, where she will organize the branch of the "pilgrims" band that will come from that city. She also will visit Wilmington, Baltimore, and several other places, where she will get the women into line for the hike.

The object of the pilgrimage to Washington, as well as of the entire campaign, is to bring before the incoming administration the demands of the women for this Constitutional amendment that will grant them the franchise without waiting for the slower method through the State legislatures.

For this purpose the army under "Gen." Jones will carry with them petitions setting forth their demands, and these petitions will be presented for signature to the president by the women's suffrage organization of every State the army passes through. These petitions will then be placed before the new President and Congress for their action.

Follows Scent Car.

"Gen." Jones has laid the plans for the pilgrimage with the idea of advertising and urging this demand. The army will be preceded by a "scent car," an automobile driven by Mrs. Schultz, one of the prominent figures of suffragism in New York. In this car, beside Miss Jeanette Rankin, of Montana, field secretary of the National Woman Suffrage Association, who will be the principal speaker of the army, there will be a complete printing press, with which the "pilgrims" will strike off en route such literature and advertising matter as may be deemed useful to the cause.

It is in this connection that the practice of erecting shrines along the way, referred to, will come in. Whereas the pilgrims of centuries ago built shrines along their line of march wherein were the crosses and figures representative of the aim of their pilgrimage, inside the shrines the "pilgrims" of Miss Jones will put up the literature they themselves strike off on their press, descriptive of the constitutional amendment they seek.

Word was received yesterday that not only Miss Rankin, but the trip with the "pilgrims" from New York, but she will be one of the principal speakers in Washington during the week of open-air meetings that will be held at the time of the inaugural. Miss Florence Allen, of Utah, secretary of the National College Suffrage League, will be another of the speakers at this time.

Miss Lavinia Dock, secretary of the International Council of Nurses, and a well-known figure among nurses, will have the organization of the nurses' section of the parade, and Miss Jane A. Delano will have charge of the Washington nurses' organization.

Women as Newsies.

Besides her pilgrims, Miss Jones also will be bringing a contingent of horsewomen with her. If this detail is worked out successfully, a large part of the parade will be made up of mounted suffragists. Mrs. Stuart Macdonald, of Virginia, will be a mounted delegation from Virginia. And there are already plans for six mounted detachments in the parade. Each of these will consist of ten riders, who will be organized as horsewomen will be scattered through the line of march at intervals.

One of the unique features of the parade will be the band of horsewomen, who will be the "newsies" of the parade, who will carry the literature of the suffragist cause through the crowd. It is planned to have at least 100 young women each to be provided with canvas shoulder bags, after the cut of the regular newsboy bag, from which they will sell the suffragist magazine, suffragist buttons, and other suffragist advertising matter. Mrs. Nettie Podell Ottens, who has charge of the branch of the parade, and she will meet with her volunteer "newsies" at the association headquarters Thursday.

Mrs. Emma S. Tenney has been made chairman of the reception committee for the headquarters on F Street. Word comes from Mrs. Minnie J. Reynolds, of Colorado, who has local prominence in politics of that State, that she will bring a good sized delegation to Washington, and Miss Stella McCalla, of California, who is now in Washington, is organizing the women of all these Western States, where new women have the right of the ballot. This will be one of the largest delegations in the parade, and the leaders are counting on one of the most influential in showing the power of the force of the women in the United States.

The section of women ministers who will march March 3 will also be a large integer in the parade. Among the members of this section will be Rev. Caroline Crane, of Kalamazoo, Mich., and Rev. Anne Howard Shaw, the president of the National Woman Suffrage Association.

Women Dentists to March.

The women dentists will be organized by Dr. Clara McNaughton, of Washington. There is to be a large division of women in the parade, it is said, and the name of the woman who will have charge of getting this section together and marshaling them in the delegation has not yet been made public.

A large delegation of prominent writers is expected to make up part of the spectacle. The duty of enrolling the women of this branch is in the hands of Miss Mary Johnston, of Richmond, the author of "To Have and to Hold," and a number of other "best sellers."

In the delegation will be Miss Ellen Glasgow and Mrs. Valentine. None of the other names have been given out by Miss Johnston as yet, but she promises a representative number of authors.

One of the latest arrivals in Washington in the interest of the coming week's campaign is Miss Lucy Burns, of New York, a member of the congressional committee. Miss Burns at present is engaged in arranging for the drawing-room meetings, to be held from now on until after the parade. These meetings are to be held in many of the fashionable homes of Washington, and are to be open to all classes and manner of women. The only stipulation is that they shall be interested in the cause of suffragism. Those who have already pledged their homes for this purpose are Mrs. R. P. Forrest, Mrs. Lulu Hemmingsway, Mrs. William Kent, and Mrs. Arthur Ramsey.

Mrs. Belva Lockwood will take part in the suffrage parade as a representative

ONLY THREE MORE DAYS FOR SPECIAL AWARD VOTES

Nine p. m., January 12, is the closing hour for balloting for the \$200 Conover Baby Grand Piano, to be given away as a special award in The Herald's \$25,000 Contest.

The magnificent instrument will be presented to the person casting the most votes between the dates of December 25, 1912, and January 12, 1913. It is open for all competition, not limited to contestants, though all votes must be cast for some contestant.

One can not recall such a golden opportunity to win a valuable prize absolutely without expense. The tremendous voting that has followed this announcement will reach its climax in these final days.

Ask for votes everywhere and every time you make a purchase. No matter in what section of the city you live there are merchants near you who are anxious to help you win.

The Advocate has purchased the \$200 Conover Baby Grand from Percy Foster, the piano merchant, 1309 G Street Northwest, who is on exhibition at the contest building, 214 Thirteenth Street Northwest, where you are invited to call and examine it. Remember, this extra contest within a contest is nearing its end, and all your votes in time to count for the special piano award.

HYATTSVILLE NOW ARCADIA.

Motor Car Owners Go Through the Town Unmolested.

Washington automobilists had a free hand in Hyattsville yesterday. No arrests were made for speeding because the law against that offense has been abolished by the town council, pending enactment of a new one. The new law will not allow any fee for arrests, but will pay the town a half a straight salary for arrests made.

The Hyattsville Justice of the Peace is somewhat worried by a demand that he turn over to the State one-half of all he has collected under the municipal law. He has put the matter up to the town council, which will take action on it at its next meeting.

Church Bans "Movies."

Rome, Jan. 12.—All cinematograph representations in Catholic Churches are henceforth prohibited, under penalty of excommunication, by a decree issued by the Vatican. Hitherto the Vatican has approved the use of the cinematograph for the purpose of education or religion.
